

DHIRAJ KUMAR CHOWDHURY

Kolkata, West Bengal, India | dhirajchowdhury001@gmail.com | +919748798629 | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with hands-on experience building and shipping production-ready web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Demonstrated ability to architect scalable backend APIs, integrate third-party authentication systems, and develop responsive frontend interfaces. Strong track record in competitive hackathons — multiple first-place finishes — with exposure to blockchain integrations and IoT-driven systems. Currently pursuing B.Tech in Computer Science (CGPA: 8.67). Seeking SDE-1 / Full Stack / Frontend / Backend roles.

EDUCATION

Bachelor of Technology — Computer Science and Engineering
Heritage Institute of Technology (MAKAUT), Kolkata, West Bengal | CGPA: 8.67 / 10

2024 – 2028

TECHNICAL SKILLS

- Languages: JavaScript(ES6+), C, C++, Python, Java
- Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS
- Backend: Node.js, Express.js, RESTful API Design
- Databases: MongoDB, Supabase (PostgreSQL)
- Auth & Cloud: Firebase Auth, Supabase Auth, Vercel, Render
- Block chain: WeilChain, Phantom Wallet, Smart Contracts
- Developer Tools: Git, GitHub, VS Code, Metamask, Postman

EXPERIENCE

Full Stack Developer | FrostHacks 2.0 — Academy of Technology (AOT)

Mar 2026

1st Prize Winner — Safety Track

- Architected and built an end-to-end full-stack web application for a hardware-driven fire safety system leveraging ESP32 mesh networks for real-time sensor communication.
- Implemented dynamic pathfinding using the A* algorithm to compute and display optimal evacuation routes, rendered on both an LED grid and a React-based web interface.
- Developed QR-code-based user onboarding flow enabling instant registration and emergency navigation access via mobile browsers.
- Tech stack: React.js, Node.js, Express.js, Firebase, ESP32 firmware.

Blockchain Developer | East India Blockchain Hackathon — IIT Kharagpur

Jan 2026

Finalist

- Built a blockchain-based platform for tokenization of government bonds using the MERN stack and WeilChain.
- Designed and implemented RESTful backend APIs handling token issuance, wallet management, and transaction records.
- Integrated Phantom Wallet for secure, decentralized wallet-based authentication and signing.
- Delivered a functional MVP within 24-hour hackathon constraints, securing a finalist position.

PROJECTS

KidGuides — Peer Tutoring Platform | Founder & Full Stack Developer

Tech Stack: MongoDB, Express.js, React.js, Node.js (MERN), Firebase, Payment Gateway Integration

- Founded and shipped an MVP SaaS platform connecting college students (tutors) with school students, handling end-to-end product design, development, and go-to-market.
- Built a full-stack architecture with JWT-based authentication, role-based access control (RBAC) for tutors and students, dynamic dashboards, and integrated payment gateway.
- Designed community and onboarding features to recruit and manage a network of college mentors.
- Pitched at Hult Prize 2025 (On-Campus Round) and presented at Genesis 2025 — Entrepreneurship Workshop, IIM Calcutta.

[GitHub: github.com/Dhirajchowdhury/Kidguides](https://github.com/Dhirajchowdhury/Kidguides)

Tech Stack: React.js, Supabase (Auth +PostgreSQL), REST APIs

- Engineered a cybersecurity-focused platform that scans, analyzes, and sandboxes websites before the user accesses them, reducing phishing and malware exposure risk.
- Developed a clean React frontend for URL input, AI-powered safety scoring visualization, and real-time interactive website preview.
- Integrated Supabase for user authentication, relational database management, and serverless backend operations.
- Awarded 1st Prize (Overall) and 3rd Prize in the Civic AI Track at Hackstorm 2.26 (BPPIMT).

ACHIEVEMENTS & AWARDS

- 1st Prize — Safety Track, FrostHacks S2.0, Academy of Technology (2026)
- 1st Prize (Overall) + 3rd Prize (Civic AI Track) — Hackstorm 2.26, BPPIMT (2026)
- Finalist — East India Blockchain Hackathon, IIT Kharagpur (2026)
- 2nd Runner-Up — Inter-College Quiz Competition, THK Jain College
- Genesis 2025 — Entrepreneurship Workshop & Quiz, IIM Calcutta
- Hult Prize 2025 — On-Campus Round Team Pitch (KidGuides Startup)
